

Report a Side Effect

THIS SITE IS NOT INTENDED OR DESIGNED FOR REPORTING OF SIDE EFFECTS

Reporting of side effects (for patients)

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in the Package Leaflet. You can also report side effects directly (see details below). By reporting side effects you can help provide more information on the safety of this medicine.

Where possible, healthcare professionals should report adverse events or reactions by brand name and batch number.
